The Madrugada Padel Mashup took place at Ocean Padel Club in Luz, on Sunday 18th June. It was good fun and really well supported with 48 players, playing a total of 51 games, on 4 courts, over 4 hours.

The competition was based on mixed pairs, drawn at random on the day. For the first 2 rounds the players scores converted to points, which was followed by knock-out rounds for the 16 highest ranked teams. Under the watchful eye of the other players and supporters, the final was a battle to the end, with Leanne Brown and Greg Hoines beating Sue Hepple and Nigel Baker 13 - 11.

Well done to everyone and congratulations to the worthy winners - the trophy which was presented on the day is now on show in the padel club for all to see.

Alongside our supporters Ocean Padel Club and Izakaya Luz, the event was sponsored by Destination Algarve, who donated a superb padel racket. This was raffled on the day and won by Jayne Turrell.

After costs the event raised a fantastic 805 euros - our sincere thanks to everyone that took part and supported.
